MOSAIC was designed and developed for use exclusively in boutique 3-star and luxury 4 and 5 diamond guest rooms.

It is our belief that an elegant and sophisticated dispenser system is increasingly important to luxury hotels needing to be proactive in reducing waste and operational costs.

We also believe the dispenser, and the product within, need to work in the best interests of the property and its valued guests. With this in mind, MOSAIC is uniquely customizable.
WHAT MAKES MOSAIC UNIQUE

Bathroom Fixture, not a bottle & bracket attachment
Meaningful environmental advantages
Manufactured in North America
Hi-resolution digital printing
No plastic shrink wrap
No paper stickers
No decals
Customizable
Ease of Installation
Ease of Cleaning and Maintenance
Robust proprietary pump
Eastman Tritan Copolyester Material
Warranty
THE FREEDOM OF CUSTOMIZATION
EASE OF USE — OPEN REFILLABLE SYSTEM

Compact Design
Dimensions: 5.1" x 2.2" x 5.3"
Capacity: 19 oz / 570 mL

Fluid Indicator
For easy viewing of liquid level inside and when to replenish.

Quick Refill
Large lid opening allows for an easy refill of the vessel.

Tamper Proof Lock
Safeguards dispenser contents – and your guests experience.

Specialized Security Key
Fits into the bottom of dispenser surround and releases vessel.

Easy Removal
Collar serves as a handle for effortless removal.

Go Green with Our Innovative Dispensers

EcoEclipse is an eco-friendly 8oz shower dispenser that delivers up to 60% cost savings. It’s currently used in over 140,000 hotel rooms and thousands of spas to reduce bottle waste & deliver better guest experiences.
With 140,000 in use in over 12,000 properties our EcoEclipse shower & vanity dispensers are time-tested products that deliver up to 60% annual cost savings & help support your properties “green” initiatives. Both triple-unit & single-unit dispensers provide an elegant look, are available in multiple color combinations and can be customized with your logo.

Fill them with one of our branded liquids (Body Eclipse, Pure Fiji or J Beverly Hills, Sciote), a custom private label formula we develop together or use your favorite liquids brand. Your guests & your staff will absolutely love this dispenser.

**Eco-friendly:** Each dispenser keeps 1,000 in-room bottles out of the landfill annually, and guests will appreciate your environmental leadership.

**Cost-Effective:** EcoEclipse triple unit & single dispensers are less expensive to purchase than traditional in-room bottles, with cost savings up to 60%.

**Easy to Maintain:** Dispensers are made with mold-resistant plastic to reduce residue build-up, and are easy to refill which reduces maintenance time.

**Customizable:** Multiple color, finish & bottle options to match any in-room design, and all bottles can be custom private labeled with your logo.

EcoEclipse for Private Label

For over 25 years, we have helped hotels increase their brand visibility with innovative private label solutions, and we’ve become one of the industry leaders.

• Our time-tested “Private Label Development Process” ensures the highest quality finished product & satisfied customers
• Over $2 million invested in custom silk-screen technology & 4 certified master printers on staff
• Experienced graphic design team that can develop creative & appealing bottle designs to enhance your property
EcoEclipse for Private Label
Customer Testimonials

“Xanterra Parks & Resorts converted our properties to the EcoEclipse shower dispenser with custom bottles that were property specific. It was important to us to offer a domestically manufactured product, reduce our amenity waste, and offer a high-quality lineup of products to our guests.”

Becky Ritter, Purchasing Director

“For over 3 years, EcoClipse has supplied Crystal Mountain Inn with in-room amenities and spa-related products. We’re particularly excited about our EcoEclipse dispensers which are both environmentally-friendly and cost-effective. Guests like the dispensers filled with our signature Crystal Spa liquids, and we merchandise these products in our retail outlets, which is quite profitable.”

Chris MacInnes, General Manager

“Limelight Hotel switched to EcoEclipse shower dispenser line for our in-room amenities. The decision was made from a desire to reduce landfill waste while still providing a superior product to our guests. The Limelight Hotel and our parent, Aspen Skiing Company, take sustainability initiatives seriously, and the EcoEclipse dispenser is an easy way to promote sustainability.”

Aaron Shaffer, General Manager

iQon™ Liquid Partner Brands
Pamper your Guests with A1 American carefully curated partner brands. Our diverse offering will satisfy every hotel need from economy to luxury, mainstream to boutique.
Our social commitment to the Guest Experience, the Hotelier and the Environment.

Beauty meets sustainability

Guests recognize and appreciate the environmental benefit of reducing single bottle use. Hoteliers appreciate the economic benefit of buying in bulk and only pay for what is used.

Total Guest satisfaction. Convenient and easy to use.

Immediate cost-savings when you stop paying for expensive packaging and waste.

A beautiful sustainable solution to eliminate plastic bottle waste.
Our mission is to be the recognized world leader in providing environmentally-friendly, cost-effective liquid amenity programs to the hospitality industry, by developing ultimate customer loyalty through delivery of superior, individually-created Dispensers, liquids and service.

A beautiful, sustainable solution to the plastic bottle problem.

Guest Satisfaction
Guest’s love the convenience:
• 91% of Guests surveyed say they loved the experience, the number of happy Guests exceeded 97% when the environmental story was added.
• No more fumbling with tiny bottles. Just press the button and a pre-measured portion of liquid is dispensed. Precisely. Perfectly. Every push.
• It’s a win-win for your Guests. They love the convenience, and doing their part to help the environment.

Cost-Savings
Our Hotel Guest Amenities Shower Dispenser system can save you 70% or more of your cost over the same individually packaged amenity program. At only pennies a day, you can reduce your costs immediately and substantially. Here’s how:
• Purchase liquids in bulk,
• Pay for only what your Guests use, not thrown away or taken away,
• Reduce housekeeping time. Instead of daily loading the cart, cleaning the mess and disposing of waste, our Dispensers just need topping up every 30 to 45 days, depending on occupancy
• Reduction in waste disposal costs.

Sustainable Solution
Let us help you with your commitment to reduce the number of small plastic amenity bottles and partly used bars of soap being sent to landfills and from washing up on beaches around the world.
When you switch to the A1 American Shower Liquids System you help to eliminate billions of wasted plastic bottles that must be disposed of annually.
By using our refillable tamper-resistant Dispenser units, you are reducing the carbon footprint and using less natural resources in manufacturing and transportation.

Thank you for your interest.

MAKING SUSTAINABILITY A REALITY

PRODUCT OVERVIEW LOOK BOOK for Pechanga Resort Casino
“Just a few short years ago, without a high-end choice, most luxury properties were hesitant to consider implementing a shampoo dispenser fixture. The patented Amenity Station provides all of the positive attributes of a dispensing system, while not deterring from a property’s design, elegance or from a guest’s luxury experience.”
Last year US hotels alone use **10 BILLION** amenity bottles. That’s enough to stretch around the earth over **20 times**. That’s enough to fill 2,300 Olympic size swimming pools or pack **65,000** hotel rooms floor to ceiling. Just one Aquamenities fixture can take **1,000** bottles out of that equation. Imagine the impact you can make!
Why the “Triple Bottom Line” is Important

People
A socially responsible organization has a positive effect on its people throughout its operations.

Profit
Sustainable solutions deliver a significant measure of corporate profit to the “bottom line”.

Planet
Delivering measurable positive environmental impact to the planet and its people.
WHY SHOULD SUSTAINABLE AMENITIES BE IMPORTANT TO YOU?

**Soft Cost Reduction**
Time savings and product cost savings on guest request for more amenities. Product is always on hand.
10% reduction in Purchase Orders for with bulk amenities.
Longer lasting refillable programs require less po's and planning than mini amenities.
Gallon refill system usually delivers time savings over stocking the carts and storeroom management

**Guest Impression**
Retail size format delivers large marketing footprint for brands
Ability to upgrade the Brand of amenity product for the guest and still have a positive impact to the bottom line

**Delivers Savings to Hotel**
Refillable Products save on average 45-60% over mini amenity programs

**Other Impacts**
Refillable systems do not require costly soap recycling programs or mini plastic bottle recycling

MATCHING YOUR SUSTAINABILITY GOALS

One of the most important principles of our ancestors was to treat the Earth with kindness and to leave it better than you found it. Pechanga Resort Casino is committed to sustainability, and to doing business with companies that do the same. We consistently look for new ways to reduce our environmental impact.
Pechanga is collectively working toward 800 tons of waste diversion in 2020.

See how Pechanga actively works to cut environmental impact in each of its resort areas.
SAVINGS
Immediate Impact to your operational OSE spend budget
